HERE'S the POINT

By SPENCE HELD

Tuesday evening I watched a mocking bird assault a cat in the street in front of our house.

The big tan cat was a sitting duck for the swooping bird. With squawks of rage, the mocker dived repeatedly at the cat, eluding his futile paw swipes with ease and keeping him off balance with attacks from unexpected angles.

It was like a dive-bomber roaring down on a truck,, only less deadly. The cat was harassed but unharmed; he packed too many guns for his hit-and-run antagonist and was well aware of his invulnerability.

Once upon a time there was a guy who got a bum steer from a city slicker at the Keokuk Carnival.

However, Russ Bement of Ocean Beach went to the County Fair last week and got a blue ribbon steer weighing 920 pounds on the hoof. The steer was raised at Ramona by a 4-H Club member, and Russ acquired it at an auction on his 33-cent-a-pound high bid.

The blue-ribbon beef will be subdivided into steaks and roasts for the benefit of his customers.

Humphrey Bogart says that Hollywood's blue-ribbon beauties are "95 percent stupid."

The answer to that, of course is that sometimes it pays to be stupid. They don't hire movie girls for their brains, naturally.

Still, nobody likes to be called stupid. And if it's any comfort to girls who want to crash the movies but can't answer the question, "When was the War of 1812?", I'll cite the case of our old friend Henry Ford:

Ford wasn't noted for his knowledge of American history. Once, on the witness stand, he was asked this question: "Have there been any revolutions in this country?"

"Yes, in 1812," he replied.

The Redcoats are coming, men; in fact, they're already here!

Point Loma residents with a view of the bay had ringside seats Tuesday morning when HMS Superb steamed in past North Island while a shoreside cannon fired salutes.

The gun flashed red in the thin fog and smoke boiled upward. Then came the boom, delayed by distance.

J. Milford Ellison, art teacher at Point Loma High, is exhibiting 25 watercolors titled "The California Landscape," at the La Jolla Art Gallery.

These paintings include "Sunlight on the Pacific" (Point Loma) and "Green Tidal Pool" (Ocean Beach).

Sounds like something we ordinary stiffs could appreciate. Me, I got no stomach for so-called "modern art." Probably I'm lacking in culture—pronounced cultcha—but it seems to me that meaningless, unrecognizable monstrosities are a fraud perpetrated on a gullible public.

A small part of the public, that is. Most people can't stand 'em.

Fiesta Booths

Questionnaires have been sent to community organizations in Ocean Beach inquiring as to the extent they wish to participate in operating booths at the Daz-O-Fun Fiesta Aug. 19-21, according to Reg Mattson, booth committee chairman.

Any group or organization which has not received a form may obtain one from Mattson at 2019 Bacon St., AC-2-7672.

Local Resident Drowned July 4 At La Jolla Shores

An Ocean Beach man was drowned July 4th while swimming in the surf off La Jolla Shores.

Benjamin L. Smith, 33, of 4973 Narragansett Ave., lost his life after he and two companions went to the rescue of other swimmers who found themselves in trouble, according to reports.

Lifeguards said that Smith was caught in a strong riptide. After a search by lifeguards and a Coast Guard helicopter, he was listed as missing and presumed drowned. The body was found Tuesday about 200 yards north of Scripps Institution of Oceanography pier.

Smith came here from New Hampshire about a year and a half ago and was employed by Community Furniture Co. as a service man. Robert Williams, one of his swimming companions July 4, was a former employe of the company.

Smith is survived by his wife, Mrs. Ruth Smith, and a son Danny, 14.

La Jolla Mortuary reported the body will be flown to Portsmouth, N. H., for services and interment.

LITTLE LEAGUE

Mike Cash of De Falco's hurled a sparkling 1-hitter at Kiwanis for a 3 to 2 victory, handing Kiwanis its first loss of the season.

Mike's curve was working to perfection; he struck out 13, the only hit being a well-placed bunt by Micky Burkholder in the 5th inning. Skippy Ikimura also pitched his usual fine game, allowing only three hits and striking out 12.

Frank Gunner's single in the first inning scored Garry Rucker, who had walked, and Tom Gable, who had reached first on an error. Ed Cash and Bob Gault, who scored the winning run in the fourth, were the other two hitters for the winners.

That was the only game played during the past week. If you like baseball, come out and see some exciting competition. There is usually as much excitement in the stands as on the field.

The boys are developing into first-class players, and show the results of fine coaching.

Next game is scheduled at 10 a.m. Saturday, with Kiwanis playing Optimist, and Rotary facing De Falco's at 11:30 a.m.

O. B. Kiwanis Club

Dr. William H. Stegeman, statistician for the City Schools, injected humor into his talk on "Growth in San Diego" at Tuesday night's meeting of O. B. Kiwanis Club. Gilbert Wolf was program chairman.

Next Tuesday the club will meet at Kiwanis Youth Center for dinner with the Point Loma Kiwanis Club. Afterward, members will adjourn to the O. B. Elementary School diamond for a softball game between the two clubs.

Russell Bement, vice president, presided Tuesday night in the absence of President Frank F. Swan.

MOOSE FLOAT 2ND

They entered the beautiful white decorated float in the July 4 parade at Coronado, and it won a second place award.

Van Stelle Sales Volume Soaring

L. Van Stelle Realty Co., hung up a good sales record in June with a total sales volume of $502,800, thus topping the 1955 "high" month of April when the figures were $502,375.

Total volume of business for the first six months of this year was slightly in excess of $2,500,000, according to L. Van Stelle.

"Many local people are buying homes this year," he said, "whereas last year the buyers were mostly out-of-town people. Local residents are showing their confidence in business conditions and in this area's future by purchasing larger houses than the ones they have been living in."

Ratio of local and out-of-town buyers is now about 50-50, according to Van Stelle.

CALIF. WATERS TO BE BLENDED AT STATE FAIR

SACRAMENTO — California's waters, which originated from thousands of mountainside springs from the Siskiyou to the Sierra and Tehachapi, will be blended into one crystal-clear solution at the California State Fair and Exposition, September 1, through 11.

Directors of the state fair are inviting communities all over the state to send or bring samples of water to Sacramento for the event.

Waters from all of the 58 counties—from the Trinity, the Feather, the Sacramento, from Shasta, Folsom, or Pine Flat Dams—and countless other streams and lakes will be poured into a pool at the fairgrounds as the 1955 show opens. A cascading fountain has been installed at the fairgrounds, before the counties building in the center, and it will operate for a time with water from all over the state.

"Sunshine and Water"

The collection of water from throughout the state is being assembled to illustrate the theme of this year's State Fair and Exposition, "Sunshine and Water." Some of the water is expected to arrive in Sacramento via pack animals, some by train, and some by plane.

Eleven beautiful maidens, Finalists in the 'Maid of California" contest among the counties, will be on hand to perform the "Marriage of California Waters," with Gov. Goodwin J. Knight presiding. Throughout the remainder of the 11-day fair, samples of the various waters will be displayed around the fountain, symbolizing the waters from all over the state that have been joined in the pond.

Beauty Contest Is Still Open

Application blanks for the Daz-O-Fun bathing beauty contest are still available at the Ocean Beach Chamber of Commerce office at 1918 Bacon St.

PENINSULA GIRL SCOUTS GO CAMPING, QUILTING, COOKING

BY ADALINE DUDLEY

To demonstrate Scouting and outdoor skills at the Del Mar County Fair, two troops of Ocean Beach Girl Scouts camped overnight on the fair grounds last week.

Selected from District Five were Troop 438, led by Mrs. R. F. Greacen and Miss Joan Walker, and Troop 345, under the leadership of Mrs. R. D. Brumagim.

"The campsite was near the loudspeakers' booth and our schedule of cooking with an open fire, camp capers and other activities gave the booth operators a lot of talking material," said Mrs. Graecen.

The ninth grade Scouts cooked ham in a "bean hole" and also baked biscuits and a spice cake in a reflector oven.

Cooks included: Kay Cronk, Margaret De Guide, Barbara Ferrin, Jo Ann Greacen, Ramona Basich, Jacqueline Rasmusan, Gail Headley, Marilyn Schowengerdt and Fanchon Cronk.

"Quilting Bees"

"Quilting Bees" are back in style. At least, they are for Girl Scouts of Troop 549 who recently finished an appliqued quilt and presented it Wednesday to the Children's Hospital.

Mrs. William G. Polster III and Mrs. Walter Luxenburg, troop leaders, said the gift was part of the Scouts' requirements for needlecraft badge. The quilt in bright yellow is appliqued with large colorful animals.

Taking part in the quilting bees were fifth grade Scouts: Amber Bradley, Sharon Callahan, Dorothy Krause, Judy Luxenburg, Kaaren Magnussen, Marilee Mattson, Sharon Monson, Gretchen Polster, Martha Rankin, Sharon Shama, Joanne Wood and Linda Wright..

"Overnight"

A dozen Girl Scouts of seventh grade troop 181 went on an "overnight" recently to Morena Village near Lake Morena. They were the cabin guests of Dr. and Mrs. Frank Awes.

Scouts were: Karen Awes, Joan Bloom, Ann Foxworthy, Marilyn Jones, Lila Jean Everson, Nancy Jean Mason, Penny Rutledge, Mary Sample, Diane Schweizer, Lynn Woodward, Barbara Tunnicliff and Terri Ferguson.

Mrs. William Sample, Jr., is leader. Her assistant is Mrs. Alvin Bloom.

COMMUNICATION—This cerebral-palsied child, who cannot use her hands to write, uses a special electric typewriter as her only medium of written communication. The machine also relieves the strain on her partially-paralyzed vocal chords. The Cerebral Palsy Foundation, a Red Feather service, furnishes the typewriter on a loan basis.

SHE 'TALKS' WITH TYPEWRITER

A 7-year-old local girl, whose vocal chords and all four limbs are impaired by cerebral palsy, uses an electric typewriter as her only means of written communication.

Although she can talk falteringly and with great effort, she cannot write at all. By using one weakened finger, she can lightly touch the keys of a special electric typewriter and tap out distinct mesages.

A special case with holes above the keys covers the key board and helps guide her finger into the proper slot. The typewriter is from a pool of special training equipment maintained by the Cerebral Palsy Foundation of San Diego County, a Red Feather agency.

Equipment Loaned

The equipment is available on loan for use in the homes of cerebral palsied persons. Other equipment includes wheelchairs, canes, hand rails, etc.

In San Diego County there are an estimated 1,500 CP's needing individual care, treatment and training, according to Stillman Rowe, Jr., president of the Foundation. Of known cases, Stillman said, 300, including 12 from military families, are now benefiting from regular therapeutic technicques in local education centers.

Here the CP's are taught to train their minds to switch from damaged areas of the brain to healthy ones. It's a matter of switching to another line and re-routing messages that tell muscles when to move.

In the case of the 7-year-old girl, who became a quadriplegic as a result of injuries at birth, physical and occupational therapy are helping to develop other muscular control. The special electric typewriter aids in this process, as well as being an adjunct to strained speech communication.

Transportation

The Foundation also provides transportation to special classes and treatments. In order that parents may contribute more effectively to the program outlined by physicians and therapists, the Foundation gives them special counsel and training.

Pointing out that cerebral palsy is not a disease, Rowe said it is caused by damage to certain critical brain areas and can be brought on by an injury or illness.

"It can strike anyone, any time: a child before birth, or an adult in the prime of life," he said. "Contributions to the United Success Drive next fall will help these people to develop new control and to lead useful and satisfying lives."

Artist's Paintings Sold To Navy Ship

Jean Martin, local artist, residing at 951 Armada Terrace, has sold five of her lovely oil paintings to the U.S.S. Mt. Olympus, to be hung in the officers' mess.

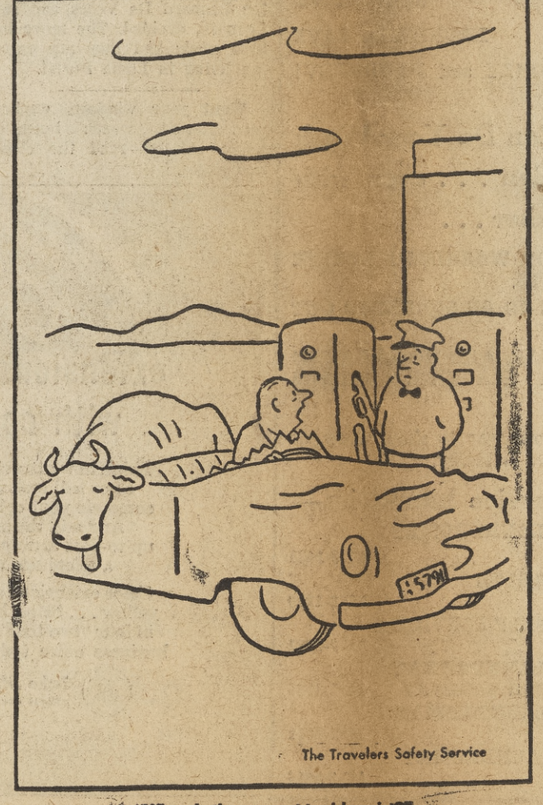

The ship is sailing soon for Point Barrow, Alaska, and the Magnetic North Pole, it was said.

Mrs. Martin has her studio in the Spanish Village Art Center in Balboa Park, where she holds open house every weekend. She is vice-president of the La Jolla Art Association. The association will hold an outdoor Art Mart on July 9 and 10 in front of the Community Center in La Jolla; Mrs. Martin will have her paintings on view there.

Purchase of the 50x140 foot lot at the northeast corner of Santa Monica Ave. and Bacon St., future location of the Ocean Beach Garage, was announced yesterday by Bob Stevenson.

Construction of a new garage building at Santa Monica and Bacon will be started in the near future and is expected to be completed within two months. It will be a one-story concrete block structure.

"The new location," said Bob Stevenson, "will be more convenient to our customers, with more adequate parking and better approaches."

He said the move is planned "in accordance with our belief in the sound future of Ocean Beach and the entire Peninsula area."

The present garage property on Newport has been sold to a Pasadena firm, Stevenson said.

Sewer Plant Proposals To Be Considered Friday

The Citizens' Sewer Committee, including Tom Drake of Ocean Beach, will meet with the City Council tomorrow at 1:30 p.m. to consider a recommendation by three consulting engineers for location of a sewage treatment plant in the Imperial Beach area and an ocean outfall off the mouth of the Tia Juana River.

Although they recommended the Imperial Beach site, the engineers submitted two alternative plans:

1—A treatment plant on Point Loma and an ocean outfall. (Such a plan was defeated at the polls last year in a campaign headed by Drake.)

2—A combination, with two treatment plants, one at Imperial Beach and one on Point Loma.

Cost of each of the three plans ranged 10 million dollars or more above the 16-million-dollar cost proposed in last year's bond issue.

"The work and judgment of the engineers upheld our contentions regarding the location and cost," said Drake yesterday. "The Citizens' Sewer Committe undoubtedly will concur with the recommendation for Imperial Beach and the Tia Juana River."

The engineers who made an eight-month study were John A. Carollo, Adolf H. Koebig Jr., and Richard R. Kennedy.

Albacore Dominate Yellow Derby

Albacore completely dominated the picture in the $25,000 San Diego Yellowtail Derby this week, and a big concentration of longfins one and one-half hours southwest of the Coronado Islands started a stampede of sport boats in that general direction.

Daily catches of albacore soared as high as 442 taken Saturday and averaged close to the 400 mark. Largest of the week was a 26 pounder caught by Marvin Kelso, Hollywood, but there was a particularly good showing by anglers from the Point Loma-Ocean Beach sector.

For example, J. D. Vose, 4654 Pescadero, checked in a 23 pound 12 ouncer; Jack White, 1019 Cordova, a 22-6; Hal Burnett, 149 North Fort Rosecrans, another 22-6, and J. P. Hopman, 1239 Trieste Dr., a 21-6.

At the same time, a quartet of youngsters headed by Tommy Collins, a six-year-old angling whiz who lives at 4244 Orchard, showed their elders how. Tommy, Colleen McHale, age 7, Gary Jerome, 8, and Kathy Borland, a nine-year-old anglerette from Van Nuys who has been fishing since she was four, all bagged good sized albacore. Kathy's weighed 19 pounds 6 ounces.

Dirty water kept fishing on the slow side at the Islands, but it was expected to clear momentarily. In the meantime, anglers concentrated on the albacore.

Good catches of bass, bonito, small white sea bass, barracuda, and an occasional yellow or two also were made at the La Jolla and Point Loma kelp beds.

DON CHAMBERLIN APPOINTED PRINCIPAL AT DEWEY SCHOOL

Dewey elementary school will have a new principal when the fall semester begins in September, but the school's new administrator, Don L. Chamberlin, will not be a complete stranger to the Peninsula area.

Before he went to his last assignment as principal of Mark Twain school in Linda Vista in 1952, Chamberlin was vice-principal for a year at Ocean Beach elementary school. At Dewey he succeeds Dr. Terence B. Geddis, who has been transferred to Audubon school in Lomita Village.

Chamberlin, a native of Utah but a product of San Diego's elementary and secondary schools, began his teaching career at Balboa elementary school in 1948, shortly after being graduated from San San Diego State College. He also has taught at Jackson elementary school and has served as vice-principal of Carson elementary school.

He served as a technical sergeant in the 104th Infantry Division during World War II. He helped his outfit win a unit citation in the Battle of the Bulge and earned two battle stars for himself.

For several years Chamberlin has spent his summers working toward his master's degree at State College. During the Christmas and spring vacations, howeve, he likes to take his family camping. He and Mrs. Chamberlin, the former Lauralee Brewer, have two children, Charles, 7, and Debra Lyn, 4. The family residence is in La Mesa.

Dewey's new principal has been an active member of the Linda Vista Kiwanis club.

TB And Health Association Launches Drive

Tuberculosis — a contagious, public health disease—is not the sole problem of any one individual or of any given community.

With this reminder, the San Diego County Tuberculosis and Health Association this week launched its 1955-56 county-wide membership drive.

Dedicated to controling and eventually wiping out tuberculosis ,the Association is a voluntary, non-profit organization. Its year-round efforts in the fields of rehabilitation, education, and research are financed through the sale of Christmas Seals.

David H. Thompson, president of the group, said that "an active, informed membership is the very backbone of an organization such as ours."

Membership is open to anyone in San Diego County interested in tuberculosis control and prevention.

Thompson said further information about membership and committee opening may be obtained by writing to the organization at 3861 Front St., San Diego 3.

Hangar Contract Goes To Golden

A $2,338,000.00 contract for construction of a new jet maintenance hangar at Miramar Naval Air Station has been awarded to the M. H. Golden Construction Company, according to Captain Kenneth A. Godwin, CEC, USN, Public Works Officer for the 11th Naval District.

Similar to the first hangar built at Miramar, this new twin-span unit was designed by Kistner, Wright and Wright, Los Angeles architects and engineers.

The project is a part of the 1955 expansion program which includes plans to add $5,000,000 to the $35,000,000 already invested in the Navy's largest master jet airfield 13 miles from San Diego.

Final completion of the Miramar Air Station is expected by 1960 with total installations reaching the $80,000,000 mark.

'STRONG' M. B. COMMISSION IS URGED BY S. D. CHAMBER

San Diego Chamber of Commerce directors have urged establishment of a "strong" city commsision with power to act in the development of the Mission Bay Park area.

Action of directors followed a special report by the Chamber's Mission Bay Committee which pointed out that the present city commission has limited authority and acts principally in an advisory capacity.

"It may take a charter amendment to set up a new, strong commission," Chairman Elliott Cushman of the Chamber's committee told directors, "but the next five years are of extreme importance in development of the bay park and we feel the present commission is handicapped in its efforts by not having enough power to act for the benefit of all.

More Authority Needed

"The present commission, under able direction of George A. Scott, has done an outstanding job," Cushman declared, "but it cannot act with maximum efficiency unless its powers are increased and its authority strengthened."

James C. Haugh, vice chairman of the Chamber's committee, commented that establishment of definite policies with regard to leasing city property at Mission Bay Park is of extreme importance and a commission should have sufficient power to act in this regard.

Cushman reported that Mayor Dail has appointed a seven-member committee to study Mission Bay problems, including conflicting or overlapping powers of city agencies with regard to administration of Mission Bay. Cushman and Gerald Crary, a vice president of the Chamber, have been named to the reviewing organization.

Development of the potential of Mission Bay was set up as one of the four principal objectives in the 1955 Chamber of Commerce program.

Action of the Chamber directors was timely as reopening of the Mission Bay channel, to be celebrated July 24, is expected to spark more emphasis on the development of the entire area.

Developments Expected

With the channel reopened to navigation, many of the developments which had been planned at a previous date in the park area are expected in the near future, members of the Chamber committee believe.

Cushman said he is convinced that the park will soon become the outstanding year-around aquatic recreational area in the entire United States.

'Shpwreck' Party Set For Saturday

The fourth annual neighborhood party will be held Saturday evening, July 9 at 8 p.m. in the patio of the Wendell S. Stewart's home at 1355 Santa Barbara.

Invitations were "washed up" on porches in bottles. The affair will be a shipwreck party, guests being requested to come in suitable attire and shoeless. The patio is being decorated to resemble a tropical isle and the food will also be of a tropical nature, including fish, baked nas, etc.

The following have been invited to attend: Mr and Mrs. R. J. Culbertson, F. Ferris, J. T. Joesler, C. J. Marshall, R. J. Miller, R. Ogram, W. S. Phillips II, C. B. Pischner, D. H. Preece, W. H. Stegeman, E. B. Wiersema; Robert Seneca, Mrs. Beth Mickey and Mrs. B. Adams.

A scavenger hunt and other games and dancing will follow the meal.

JUNIOR STAMP CLUB

The Junior Stamp Club, conducted by F. J. Tucker, will meet Wednesdays from 3:30 to 5 p.m. during the summer, at O. B. Community Center. All boys and girls are welcome.

Tucker, past president of the San Diego Stamp Club, exhibited two frames of stamps in the hobby exhibit at the County Fair and they won a blue ribbon for first prize. They are on display now in Walker's stationery store on Newport Ave.

DANCING CLASS HERE WANTS MORE BOYS

Seventh-grade boys, especially those from the Silvergate and Sunset View areas, are invited to attend the dancing class held Thursday nights from 7 to 8 at O. B. Community Center.

"Attendance at this class is necessary in order to qualify for the Teen-Towners Club," said Jack Dawson, recreation leader.

Free Science Lecture Series Continues At SDSC Next Week

Horticulture, anxiety, and the transmission of sound will be the varied subjects of the fourth week of free science lecture series at San Diego State College.

Dr. Richard L. Solomon, Laboratory of Social Relations, Harvard, will analyze "Anxiety and Traumatic Avoidance Learning" in the psychology lecture Tuesday, July 12.

"Sound of the Sea," transmission of sound in the ocean and the peculiarities the nature of the sea imposes on it, will be the topic Wednesday. Dr. Franz Kurie, technical director of the Navy Electronics Lab, will be the speaker.

"Hormones for Horticulture" will be discussed Thursday by Dr. William S. Stewart, Department of Horticulture, Citrus Experiment Station, Riverside. Accompanying his talk with colored slides, he will speak of the chemical control of growth in particular plants, fruits and vegetables. Chemicals are used to control ripening and to prevent premature fruit drop.

Free to the public, the lectures are held at 7:30 p.m. in Science 101. A question period will follow each lecture every Tuesday, Wednesday and Thursday night until July 28.

A total of 803 California drivers had their licenses revoked by the Department of Motor Vehicles in 1954 for habitual drunkenness.

Rough Water Swim At Mission Beach

Belmont Park Amusement Center at Mission Beach will revive the Mission Beach Rough Water Swim this year on July 16 at 2 p.m. Although the A.A.U. sanctioned event was not held last year, it was a former fixture at this area and drew some 100 entries annually.

Entries will close on July 13 at the Park and Recreation Department aquatic offices on Santo Clara Point. Events this year will include men's and women's open, intermediate and junior boys and girls, male and female beach resident and military personnel.

The one-mile course will again start at Old Mission Beach and proceed south along the shoreline ending at the Amusement Center. Trophies will be awarded to three places in all divisions except beach resident and military personnel, where one award will be made.

NEW MAYOR

Seventeen-year-old Dennis Cook is the new mayor of Boys Republic, Calif., and also has been announced as winner of the Crombie Allen Award as "Boy of the Year" at the unusual school for teen-agers. His ambition: to be a newspaperman.

Dennis Cook, 17, Named Mayor Of Boys Republic

Seventeen-year-old Dennis Cook has been elected mayor of Boys Republic, Calif., and at the same time selected as winner of the traditional Chombie Allen Award as "Boy of the Year," it was announced this week.

The dual honor in came in recognition of one of the most outstanding student records ever compiled at Boys Republic, according to school director Frank Graves.

Cook will complete his high school education at Boys Republic next year, and hopes to go on to nearby Mount San Antonio Junior College. He intends to study journalism and aim for a career as a newspaperman.

As mayor of Boys Republic, Cook will head a "boy-government" program which is credited with an important role in rehabilitating teen-agers who are given a fresh start in life at the unusual Southern California school. During the past term, he served as chief of police. Cook also made an outstanding showing in athletics, playing on the football, basketball, and baseball teams.

HEALTH FOR ALL

All this talk about the dangers of overweight—does it really matter? You aren't really fat, just pleasantly plump. Your idea of good eating is a luscious layer cake, not the rabbit food you find in reducing diets. What are the real facts about overweight?

Overweight dies shorten life. At the age of 50 a healthy man can expect to live to 70, but fat will cut him to about 57. People who are fat in their 20's have a death rate 80 percent higher than normal. Imagine carrying around wherever you go, for years on end, a 50 pound bag of cement—even a 20 pound sack. Of course, you'd be putting a strain on your joints and making extra work for your heart.

Fat people are more subject to disease than those with normal weight. Their chances of getting high blood pressure, coronary heart disease, and diabetes are several times greater. The risk in major surgery is greater.

Putting On Weight

In recent years there has been evidence that it isn't just carrying extra weight but the process of putting on the weight that is most dangerous. While a person is putting on fat, especially when there is a sudden increase, he is apt to be depositing fatty material on the inside of his blood vessels. The heart may not get enough blood and a heart attack will be the result.

If you are already overweight, you need not give up. If the deposits of fat in the blood vessels haven't gone too far, they may disappear. You can definitely increase your life span by losing weight.

There's no easy way. If you have a tendency to overweight, it's a lifetime job keeping those pounds off. You really must want to do it. If you don't want a healthy old age, no one can make you eat less. That's the only answer to excess fat. You can and should eat a wide variety of nutritious foods, but you must eat less.

PRACHTS ARE FETED AT FAREWELL PARTY

In a darkened room at the Bethany Lutheran Church, 50 members of the congregation waited recently to say "Surprise" to their teacher and her husband.

It was a farewell party given by the Ladies Aid for Mr. and Mrs. Byron Pracht, who are moving to El Cajon. The couple was presented a religious picture.

Mrs. Pracht, the former Eunice Poeck, has been a first and second grade teacher at Bethany Lutheran School for three years.

Bank of America resources now total more than $9,240,000,000

World's Most Popular Bank

When we got through adding up the figures for our mid-year statement of condition, our total resources once more indicated that B of A is the world's most popular bank. Of even greater interest is the fact that more than 3,000,000 Californians now have savings accounts in Bank of America.

✓ SAFETY
✓ CONVENIENCE
✓ AVAILABILITY

These are the three big reasons why so many Californians save at Bank of America. *Safety*—our bank's great resources afford the ultimate in safety. *Availability*—there's no substitute for "money in the bank" where you can always get it when you want it. *Convenience*—almost anywhere in California, there's a branch of our bank nearby, always ready to serve you.

DID YOU KNOW THAT savings deposits made on or before Monday, July 11, at Bank of America earn full 2% interest from July 1? Why not start your savings account now at Bank of America?

Episcopal Services Announced; St. Monica's Guild Meets Next Week

Summer schedule of services at Trinity Episcopal Church, Ocean Beach, will continue as announced recently. Next Sunday, the Fifth Sunday after Trinity, the Holy Eucharist will be celebrated at 7:30 a.m., and also at the 9 o'clock Family Service. The 11 o'clock service will be Morning Prayer with sermon by the Rev. John R. Nicholson, vicar. Nursery service is provided at the 9 and 11 o'clock services. The Young People's Fellowship will meet Sunday evening at 7 o'clock in the Parish Hall.

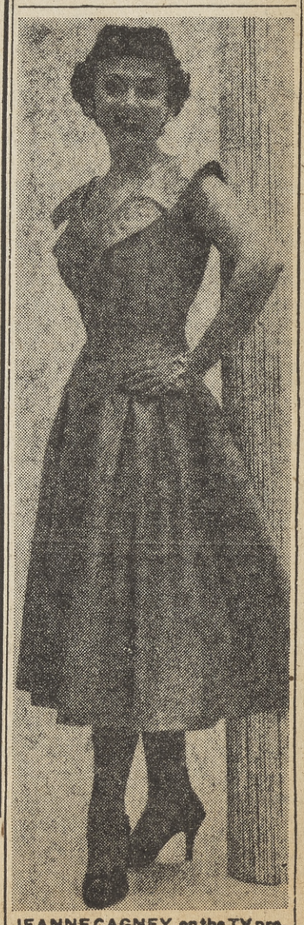

The regular mid-week celebration of the Holy Eucharist will be held Wednesday at 9:30 a.m. The Inquirer's Class, normally held Friday evenings, has been discontinued during the summer months. Advance notice will be given in the Fall on the formation of an adult Confirmation Class.

St. Monica's To Meet

St. Monica's Woman's Auxiliary will meet next Wednesday evening at 7:30 o'clock, in the home of Mrs. Dudley B. Upstill, 2432 Palermo Dr. The auxiliary will complete plans for their part in Trinity Church's annual Fall bazaar. Those desiring transportation are asked to phone AC 2-2134 or AC 3-7674.

To Enroll for Confirmation

Saturday morning, July 9, at 10 o'clock, young people to the age of 16 will meet at the church to enroll for a Confirmation Class. The session will be held on Saturday mornings throughout the summer months either for youngsters desiring to study for confirmation or as a refresher for any who are now confirmed. The class will be conducted by Father Nicholson.

JEANNE CAGNEY, on the TV production "QUEEN FOR A DAY," wears this new trend-setting costume by California designer Stephanie Koret. The torso blouse features a deep-V collar, notched for flattery and the torso-style skirt smooths over the mid-section and falls in graceful, unpressed pleats. Guaranteed hand-washable, the ensemble is a beautiful blend of fine cotton and nylon in soft spring colors.
